**To the attention of Mr Yoshihide Watanabe,  
President of the Japan Handball Association**

Budapest, 17.03.2011

Dear Mr Watanabe,

We are writing to you on behalf of the Hungarian Handball Federation to send you our best wishes in these terrible times of disaster in your country.

We want to assure you that your friends from Hungarian handball and the Hungarian people in general share your grief in these difficult moments. We would like to express our most sincere condolences for all those who lost their lives in the earthquake and the subsequent tidal waves.

Not long ago, our fantastic handball teams met in Sweden during the 2011 World Championship and played a beautiful game that will remain a lasting memory for all of us. We hope to meet you on the handball court very soon again.

Best regards,

  
László Sinka  
President

  
Balázs Nemcsik  
Secretary General
